Nestled among 2500 acres of gardens, Callaway Resort is a 4-star full-service resort in the foothills of the Appalachian Mountains of Georgia. Participate in resort activities, take a trip to see FDR's "Little White House" at Warm Springs, or simply stay and relax.

In Pensacola Beach, enjoy a sightseeing cruise and watch the Blue Angels practice overhead (based on scheduling). Spend a whole day as you wish on the white sandy beach.

This is a trip to slow down. *Relax. Savor. Enjoy.* Stroll along. Smell the flowers. Listen to the ocean. Take in white sandy beach and turquoise waters. It is the perfect reward for our cold, grey, dreary winters.
