Discover Lancaster County, Pennsylvania and beyond!

Southeast Pennsylvania is a GEM and the attractions on this tour are varied and wonderful! The Inn at Leola Village, a 4-star, Historic Hotel of America, will be our home for 3 nights. The world renowned Longwood Gardens, recently named the most beautiful garden in the country, provides a chance to meander and explore the diverse gardens on the 1,100 acre property. Then, enjoy a relaxing ride on the historic steam engine of the Strasburg Railroad as it lulls you with the rhythmic sounds and beautiful scenery.

Let our guide open your eyes to the culture and people of the Old Order Amish as we travel through Lancaster County, stopping for conversations and demonstrations with the locals.

No trip to Lancaster county is complete without seeing a show at the Sight & Sound Theater. The production of Noah, complete with a full cast of talented performers and animals, stunning special effects, and panoramic stage brings the Bible to life in a dramatic, moving and highly professional manner.
